Subject: RE: Network of economic statisticians website

Dear Benson and Michael,

Could you please include Htu (on copy) as well for future meetings and discussions on the website of the Network of Economic Statisticians? As communicated earlier by Ilaria, Htu will be taking a lead role in the development and maintenance of the website (and the Wiki Space). I'll be his backup.

Htu and I will be available tomorrow morning between 10-11am, or in the afternoon before 3:30pm.

Many thanks!

Best,

Zhiyuan QIAN (Mr.)

Dear Ilaria, I will be on annual leave from 20-21 October 2021. This can be discussed at the ESB coordination meeting. Hopefully, Michael can outline what needs to be done as we have already prepared the text and headings for the network website.

Also, if you think we should have a separate meeting to discuss this, we can do so on 22 October 2021.
Thanks.

Regards.

Dear Benson,

Yes, sorry, it has just been so hectic here.....

In general, it will be ok that Jerry help you set up the website of economic statisticians website. Maybe tomorrow at the ESB meeting we can talk a bit more so that I understand better the time commitment for this work and I can make arrangements/adjustments to his work programme. This is a particularly busy time for us with the revisions of ISIC and CPC, the finalization of 2 handbooks and the update of the GGR, and Jerry is involved in all these projects. Htu can help Jerry to maintain the webpage.

Importance: High

Dear Ilaria, as you know, the network of economic statisticians will be organizing the first meeting of the organizational sprint on 3 November 2021. The meeting will also officially launch the work of the network of economic statisticians. As Jerry has helped us with the work on the FOCG on economic statistics website in the past, we would be grateful if you can kindly agree to Jerry helping us to develop and maintain the network of economic statisticians website. Thanks.

Regards.
